

## **TRZEPATOWSI, HUBERT**

### Short CV

A graduate of the Faculty of Medicine and Dentistry at the Jagiellonian University Medical College in Kraków (2009).

He is a specialist in prosthodontics with extensive clinical experience in full-arch implant rehabilitations. Dr. Hubert Trzepatowski has performed over 900 All-on-4 procedures and has advanced his expertise in this field through specialized training in Portugal, at the clinic of Prof. Paulo Malo — the creator of the All-on-4 concept. He currently heads the modern HALdent Dental Clinic and works closely with his own HALdent Lab, a dental laboratory that allows him to combine cutting-edge technology with comprehensive patient care.

Dr. Trzepatowski regularly lectures and presents at international dental events around the world, including in Vilnius, Las Vegas, and Barcelona.

He is also the founder and lead speaker of HALdent Academy — a modern educational center where he trains dentists from across Poland in the All-on-4 technique.
